*Programming:* C++, Python, TypeScript, Rust, Go, HTML, JavaScript, CSS, Visual Basic
*Skills:* Microsoft 365, System Design, System Optimization, Technical Documentation, Technical Policy

## Education

Bachelor of Science, Computer Science — Expected June 2027
*Seattle Pacific University* — *Seattle, WA*

- Minor in Interactive Computing and Art

## Relevant Experience

**DIRECTOR OF IT & SOFTWARE** — June 2026 - Present
*Garrett Integrated Systems* — *Remote, Seattle, WA*
Led company-wide process development across 3 locations. Designed and implemented software workflows across Salesforce, Jetbuilt, QuickBooks, and Microsoft SharePoint. Developed cybersecurity policies, training, and enforcement for employees. Consulted with C-level leadership to drive technological improvements and innovation.

**IT & SOFTWARE INTERN** — August 2025 - June 2026
*Garrett Integrated Systems* — *Remote, Seattle, WA*
Provided software analysis reports to leadership for company workflow alignment, sustainability, and customizability. Supported and implemented tools to transfer company data across software systems.

**LEADERSHIP & INVOLVEMENT OFFICE ASSISTANT** — October 2025 - June 2026
*Seattle Pacific University* — *Seattle, WA*
Supported building operations and student experience. Improved financial policy for 35+ student clubs and developed new forms for position applications, event and budget requests, and voting systems in Microsoft forms.

**COMPUTER SCIENCE TUTOR** — August 2024 - December 2024
*Seattle Pacific University* — *Seattle, WA*
Assisted in the learning and development of 100+ students within computer science courses. Provided code feedback, debugging help, and system design assistance, focusing on student growth over providing direct answers.

**TECHNICAL DESIGNER** — November 2022 - September 2024
*National Sign Corporation* — *Hybrid, Seattle, WA*
Drafted production drawings for in-house and sub-contracted manufacturing. Assisted in the development of BoM tracking standards and company drawing templates. Developed tools for Corel Draw to improve designer workflow.

## Leadership

**ASSP OFFICER OF FINANCE** — May 2026 - Present
*Associated Students of Seattle Pacific [University]* — *Seattle, WA*
Led in financial policy development and improvement, club leadership training, and proposal processes. Led committees discussing budget requests as well as departmental budget allocations.

**DIRECTOR OF BUSINESS** — May 2025 - June 2026
*Falcon Racing, Seattle Pacific University Baja SAE* — *Seattle, WA*
Developed role responsibilities, sponsor relationships, media practices, and university relations.
